

Pch.mL2449

The diagram illustrates the secondary structure of the Pch.mL2449 RNA sequence. Key features include:

- P1:** A long, central stem structure.
- P2, P3, P4, P5, P6, P7, P8, P9, P9.1, P10:** Various other stems and loops branching from or connected to the main structure.
- A blue circle highlights a specific nucleotide (G) in the P1 stem.
